Dear alumni, Parents, Families and Friends,

Join a small group of travelers for this unique opportunity to experience provincial Dordogne, still referred to by locals as Périgord. One of France’s most compelling regions, Dordogne offers timeless rituals, epicurean traditions, and archaeological treasures that are preserved within a landscape of hills, rivers, limestone gorges, and old-growth forests. Here, storybook castles feel like recent history alongside the region’s extraordinary 25,000- to 17,000-year-old cave paintings—the largest concentration of prehistoric art in the world.

Our carefully designed itinerary and expert guided excursions explore five UNESCO World Heritage sites: the cliffside village of Rocamadour; the archaeological sites of L’Abri du Cap Blanc, Rouffignac cave, and Les Eyzies-de-Tayac-Sireuil; and the prehistoric troglodyte village of La Madeleine. Visit the International Centre for Cave Art at Lascaux to appreciate one of humankind’s earliest artistic creations, known as the “Sistine Chapel of Prehistory.” Exclusively arranged presentations and the Village Life® Forum provide personal perspectives on la vie in the villages of Dordogne.

Fall into the rhythms of Dordogne in Sarlat-la-Canéda, one of Europe’s most intact medieval villages and home to the Plaza Madeleine Hôtel, a restored 19th-century townhouse where you’ll spend seven nights. In addition to the included meals in the hotel, dine on regional specialties during traditional three-course dinners in French bistros.

Village Life® Dordogne offers a quintessential sojourn through the timeless southwest of France at an excellent value—and you only unpack once! This enchanting educational travel program is exceedingly popular, so book now while space and Early Booking Savings are still available.

Sincerely,

Sarah Eichhorn

Prehistory Expert

Christine Desdemaines-Hugon has worked with the scientific community, lectured on prehistoric art, and shared her knowledge and enthusiasm for the Dordogne region of France with visitors for nearly 30 years. Her first visits to the caves of Dordogne sparked a passion for the subject of Paleolithic art, and she went on to earn a Diploma of Advanced Studies in Anthropology. Christine has written a book on the five major cave sites in Dordogne and the evolution of Paleolithic cultures.

Cover photo: Visit the Dordogne River Valley, a rural idyll of hilltop castles and quaint villages. In medieval Dordogne, street lamps along ancient lanes are one of the few concessions to modernity.

Sarlat-la-Canéda
Author Henry Miller called Sarlat “the Frenchman’s paradise.” Your charming “village home” is in the pre-French Revolutionary capital of Périgord Noir, a lushly forested corner of the Aquitaine region, ideally located between the Dordogne and Vézère Rivers. It is a bon vivant’s dream, renowned for truffles, wild mushrooms, strawberries, walnuts and duck, and close enough to Bordeaux to procure the finest wines directly from vintners’ cellars.

Sarlat’s vieille ville (old city) has one of Europe’s greatest concentrations of medieval, Renaissance and 17th-century façades. Stroll along cobblestone streets illuminated by gas lamps and lined with Renaissance-style stone houses crowned with pepperpot chimneys. The artful blend of flamboyant and subdued styles is most evident in the architecture of the townhouse of writer-humanist Étienne la Boétie. The cultural heart of Sarlat is the Place de la Liberté, where every Wednesday and Saturday one of France’s most storied markets is held, a tradition dating from the Middle Ages.

Cultural Enrichments: During the course of the program, immerse yourself in the joie de vivre of Sarlat.
Meet dordognais in the Village Life® Forum and hear candid perspectives on contemporary daily life in historic Périgord Noir.
Attend a private, specially arranged presentation by a local expert on preserving Sarlat’s architectural monuments.
Enjoy a private, 19th-century French folk music and dance performance. Sample regional cheese and wine in a specialty épicerie gourmet.
Savor two specially arranged dinners, each in an authentic French bistro.

Rocamadour/Souillac
Built on the face of a sheer 400-foot cliff, the UNESCO World Heritage-designated village of Rocamadour has one of the most dramatic settings of any village in the world. During the Middle Ages, pilgrims flocked here from across Europe to perform penance by ascending the 216 steps of le Grand Escalier (the Grand Stairway) on their knees to seek miracles at the crypt of St. Amadour.
Embedded in the cliff above the doorway to the Chapelle de Notre Dame is a sword said to be that of the heroic knight Roland, the Frankish military leader under Charlemagne.
Nearby, visit the quaint town of Souillac and its 12th-century Abbaye Sainte-Marie, noted for its magnificent Byzantine roof domes and treasury of Romanesque statuary and Biblical carvings. Cultural Enrichment: Savor a lunch of regional specialties in a village restaurant.

Jardins d’Eyrignac
Designated a national monument, the Eyrignac Manor, constructed in local golden stone with a slate roof, has been the continuous family residence of 22 generations spanning over 500 years. On this 17th-century estate just outside of Sarlat, view what many consider the finest jardins (gardens) in all of France. Originally an 18th-century Italian design, the landscape was converted a century later to an English-style, coniferous garden and has been immaculately manicured by hand to preserve the theatrical topiary patterns.

Les Eyzies-de-Tayac-Sireuil
France’s capital of prehistoric humanity, Les Eyzies is home to fossils of Early Modern Man. At approximately 35,000 years old, these fossils are among the earliest known evidence of human life in Europe.
Cultural Enrichments: The exceptional National Museum of Prehistory, housed in a 13th-century castle built into a cliff, provides an ideal primer for exploration of the area’s prehistoric sites.
See L’Abri du Cap-Blanc’s UNESCO World Heritage-designated prehistoric cave friezes that are distinctive for their life-size images of animals emblazoned across entire walls.

Lascaux
In 1940, a quartet of schoolboys stumbled onto the Lascaux cave, a repository of the most stunning works of prehistoric art and today a UNESCO World Heritage site.
Cultural Enrichment: Explore a meticulous simulation in the state-of-the-art International Center for Cave Art at Lascaux, which provides a fascinating portal into the history of the site through 600 wall painting fascimiles.

Villages of the Périgord Noir

Petit Saint-Amand-de-Coly, one of the “most beautiful villages” in France, is dominated by the 13th-century abbey church, an unusual fusion of Romanesque and Gothic styles. Traces of the Hundred Years’ War remain in the ramparts and towers of the fortress-like church and the remnants of its abbey.

Cultural Enrichments: Visit Rouffignac, called the “Cave of a Hundred Mammoths,” and marvel at the “giant kettles”—smooth, dome-like rock formations forged by swirling currents. Carved beneath a cliff overlooking the serene Vézère River, the prehistoric troglodyte village and UNESCO World Heritage site of La Madeleine offers unique insight into the semi-nomadic Magdalenian culture, which prevailed in southern Europe from 15,000 to 9000 B.C. Important prehistoric carvings discovered at the site include an antler carving of a bison licking an insect bite.

Château de Beynac

The fortified Château de Beynac, commanding a limestone bluff 500 feet above the Dordogne River, overlooks a picturesque village of golden stone houses tucked into the steep hillside. The fortress’s strategic position made it a defensive stronghold during the Hundred Years’ War. This masterpiece of feudal military engineering was guarded by Europe’s most illustrious figures, including the chivalrous Richard the Lionheart (1157 to 1199) and Fourth Crusader Simon de Montfort (1175 to 1218). Traverse its elaborate series of stone walls, parapet walks, watchtowers and passageways to an eclectic interior decorated with a magnificent 17th-century staircase and delicate 15th-century frescoes.

Cultural Enrichment: Cruise the tranquil Dordogne River aboard a private 19th-century gabare, which has served as traditional Périgord transportation for more than 150 years, followed by a lunch of Périgord specialties in a local restaurant overlooking the river.

Domme

Among the “most beautiful villages” of France, Domme is an authentic medieval bastide (fortified village). Enter through its original ramparts and see graffiti etched by the Knights Templar on the inner village walls. The beauty of the 13th- and 14th-century architecture of Domme is surpassed only by its exceptional views of the Dordogne River.

Savor the delights of traditional Périgord cuisine, intimately linked to regional agriculture, in Sarlat.
Plaza Madeleine Hôtel, Sarlat-la-Canéda

Enjoy the traditional pace of Village Life® during your stay in the family-owned Plaza Madeleine Hôtel, located adjacent to Sarlat-la-Canéda’s medieval quartier, a short walk from its authentic village center. A grand 19th-century townhouse, this historic hôtel de charme marries traditional features with French esprit contemporain.

Each of the 39 comfortable, air-conditioned guest rooms have been renovated and upgraded and feature two twin beds or one queen bed with private bathroom, individual climate control, satellite television, phone, safe, minibar and hair dryer.

The hotel dining room—where continental breakfast is served daily featuring freshly baked breads, pastries and charcuterie—is reserved for the exclusive use of hotel guests. There is a brasserie pub with a lounge and private terrace, a petit lounge with computer facilities, a heated outdoor swimming pool, solarium and spa with Jacuzzi and sauna. Complimentary Wi-Fi access is available throughout the hotel. The dedicated hotel staff is pleased to provide attentive service.

Marvel at the exquisite artistry and ingenuity of the prehistoric paintings in Lascaux.

You will find the greatest concentration of prehistoric art sites of anywhere in the world in the enchanting département of Dordogne. Limestone caves and rocky overhangs here provided Ice-Age humans with not only shelter, but also a vast canvas for extraordinary paintings. In Lascaux and Rouffignac, the two most well-known caves and both UNESCO World Heritage sites, extinct aurochs, wild stallions and antelopes painted approximately 25,000 to 17,000 years ago still prance, preen and gallop before your eyes. The original Lascaux cave itself has been closed to the public since 1963 for preservation purposes; however, the incredible replica in the International Centre for Cave Art at Lascaux allows you to experience these thought-provoking cave paintings interactively, providing a realistic, stimulating representation of the exuberant colors that have faded in the original cave.

Rouffignac cave offers up-close views of over 250 deft prehistoric drawings and paintings that cover a six-mile gallery of cavernous walls and ceilings, including the famous friezes of two bison ready to engage each other in battle and 10 mammoths in procession—one of the largest cave paintings ever discovered.

Near the village of Les Eyzies, visit the original Cro-Magnon rock shelter and UNESCO World Heritage site of L’Abri du Cap-Blanc, showcasing the rare, life-size frieze of horses and bison sculpted in limestone. A guided tour of the National Museum of Prehistory in Les Eyzies helps put this vast network of prehistoric art into context.
